

CASTER CONCEPTS

Beyond Standard.

Designed For **EASE OF MOVEMENT**

Introducing **ERGOXCEL**

Ergonomic Casters That Reduce Risk Of
Injury And Overall Cost

CASTER CONCEPTS

Beyond Standard.

Ergonomic casters that reduce risk of injury and overall cost

MAINTENANCE FREE

- Eliminates maintenance cost and hassle
- Percision sealed ball bearings with hardened raceways and neoprene seals never need greasing

ERGONOMIC: REDUCED FORCE EXERTED

- Initial push force when wheels are not all aligned
- Force needed to turn or maneuver

PERCISION MADE

- Reduces wear
- Eliminates vibration and play
- Easier to maneuver and turn
- Extends use life
- Consistent Performance

ROUND BALLOON TREAD

- Reduces force exerted to turn
- Pushes away debris
- Reduces risk of "flat-spotting"
- Lightweight, corrosion resistant aluminum wheel core
- Mechanically bonds with polyurethane for greater durability and longer use life

CASTER SPECS	SERIES 37	SERIES 55	SERIES 57
Max Capacity	750 lbs.	760 lbs.	760 lbs.
Wheel Diameter	6" - 8"	6" - 8"	6" - 8"
Wheel Width	2"	2"	2"
Top Plate	4"x5"	4"x5"	6.25"x4.50"
Legs	1/4x1.5	1/4x2	1/4x2
Lead Length	Up to 2.25"	Up to 2"	Up to 2.75"
Axle	1/2" Diameter	1/2" Diameter	1" Diameter
